

Enjoy special offers from your favorite merchants instantly through email, text or online.

## Prewards

You'll receive discount offers from merchants through email, the web, or text messages according to your preferences. There are no coupons to clip or codes to remember in order to redeem these offers,; simply use your debit card to make the purchase and you'll realize the savings instantly! Click on the link below to get started. In the enrollment process, we'll ask you for a few pieces of information in order to learn more about you and ensure that the offers we send will be of the highest value to you.

The savings are easy! Simply:

1. Sign up for Prewards
2. Begin receiving email alerts or text messages with special offers.
3. Use your debit card to make your purchases and watch the savings stack up!

At any time you can log into your Prewards account and view your available and redeemed offers, or change your personal information and preferences.

Here are a few things to know when shopping;

1. The person at the merchant checkout will not necessarily know that there is a discount associated with your purchase, but rest assured that your Prewards will be redeemed. If you provide your cell phone number when enrolling, we'll even send you a test message after your purchases to let you know it was redeemed!
2. Your transaction will be processed for the original amount at the time of purchase; with a separate credit for the savings amount to follow.
